

PAR16 GLASS SHORT NECK LED BULB - DIMMABLE

DESCRIPTION:

The PAR16 Glass Short Neck LED Bulb delivers bright, energy-efficient lighting in a compact, high-quality glass housing. Designed with a premium COB (Chip-on-Board) LED and advanced dimming compatibility, this bulb is ideal for applications requiring directional lighting with a crisp beam and consistent color quality.

FEATURES:

- High-performance glass housing ensures efficient heat dissipation and airflow
- Smooth dimming from 100% to 5% with most standard TRIAC dimmers
- Available in three color temperatures: 2700K, 4000K, and 6000K
- High-quality internal LED driver with enhanced reliability and long lifespan
- Instant-on with no warm-up time
- Long-rated life with 70% lumen maintenance at 25,000 hours
- CRI 80 for accurate color rendering

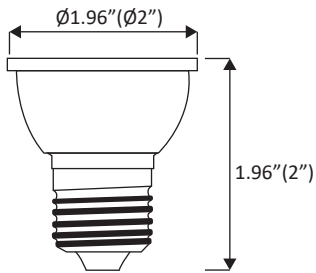

APPLICATIONS:

- Track lighting
- Recessed downlights
- Display and accent lighting
- Indoor landscape and feature lighting
